

Vacancy: Environmental Compliance and Health & Safety Manager

Department: Environmental and Compliance Department

Summary

We are looking to recruit an Environmental Compliance/Health & Safety Manager based at the Reconomy offices in Telford. This position will be responsible for providing technical guidance regarding Environmental and Health & Safety matters and ensuring all obligations involving legal compliance arising through the company's activities are efficiently discharged. You will be a key contributor to the continuous development of the sustainability goals of the Company.

Duties and Responsibilities

- Responsibility for the compliance team; Quality & Auditing Coordinator and Compliance Coordinator
- Manage and maintain the environmental management system and ensure that the external certification is maintained alongside the management of the internal and external audit processes
- To appraise third party service providers to ensure legal compliance and maintain a comprehensive database of third party authorised and permitted disposal sites and their associated permits
- To provide technical support regarding Hazardous Waste Regulations
- To undertake project management and reporting for contaminated land remediation schemes
- Liaise where necessary with both clients and the Environment Agency to ensure compliance
- To oversee and process any correspondence pertaining to insurance claims arising out of the company's, or its service provider's activities
- Provide advice and support on matters of Health & Safety. Liaising where necessary with clients, suppliers and the Health & Safety Executive to ensure that the requirements are met
- Provide advice on Waste Classification including the use of the guidance on classification
- Be the 'go to' person to advise on all matters concerning Environmental Protection, Waste Management, the Environmental Protection Act (1990) Section 34: Waste on Land Regulations, 'Duty of Care' legislation Health & Safety at Work Act 1974 and any other relevant legislation
- Provide independent internal investigation and reporting for incidents and accidents

Key Skills and Experience

- Working in a similar role, possibly within a manufacturing environment
- Working knowledge of current Environment Legislation
- MSc. or Postgraduate Diploma in Environmental Sciences or similar
- Full member of IEMA
- Excellent report writing skills and a high standard of written English
- Applications are welcome from individuals who are looking to develop into a role such as this

Location: Telford

Hours: Full time, Permanent
